GLOBAL CHALLENGES RESEARCH FUND ON WATER SECURITY

Recruitment Notice

Senior Researcher: Water and Sanitation

U.K. Research Councils have come together to fund the cutting edge research to successfully meet some of the greatest global challenges facing human civilization. This five country collaborative research project addresses “the Water Security and Sanitation Challenges”. With the cases of NCT Delhi and NCR, SPA New Delhi, along with other partners, has secured funding to conduct research on various aspects of water security and sanitation challenges.

It is in this context that the Department of Physical Planning requires one Senior Researcher: Water and Sanitation, initially for a period of two years extendable for another maximum three years depending on work progress. This is a purely ad-hoc position without any claim on SPA New Delhi. The candidate for the position of Senior Researcher: Water and Sanitation will have acquired the following qualifications, skills, experience, etc.:

Essential Qualifications: A relevant first class postgraduate degree along with a PhD from a reputed academic institution.

Experience: A minimum of five years of experience in the field of water and sanitation.

Contract Period: Two years initially

Skills: High quality written and verbal communication; SPSS based analysis; and GIS based plan making and design skills

Salary: INR 75,000 per month with an increment of INR 8,000 every year

Start Date: The selected candidate will have to start as early as possible but not later than **20 June 2019**.

Interested candidates for this job can submit their detailed CVs at spawaterhub@gmail.com by **31 May 2019**. Walk in interviews by the duly constituted committee will be held on **10 June 2019** starting at 10:30 A.M. in the Department of Physical Planning. Please do bring your thesis, portfolio and one best research paper at the time of interview.

Project Coordinator: **Professor Dr. Ashok Kumar**

Date of Issue: 16 May 2019

Place: New Delhi
